Microsoft Solutions

Microsoft 365: Modernize your workplace, workloads, and transform collaboration to improve productivity.

Microsoft Azure Public Cloud: Build a consistent, hybrid cloud solution to your on-premises workloads and infrastructure.

Microsoft Data Analytics: Quickly discover insights on your data within minutes.

Microsoft Security & Compliance: Protect the data you store in the cloud and comply with legal and regulatory standards.

Deployment Coordination Services: Services for Project and Change Management, Governance, Communications, and more for migrations, mergers, or acquisitions.

Managed Services: Provide support and increase the overall efficiency of your IT department.

New Era Technology

Helping customers work faster, smarter, and more securely in a rapidly changing digital world.

Headquartered in New York City, New Era has offices worldwide in North America, the United Kingdom, APAC, and Europe.

New Era employees provide hands on collaborative consultation backed by industry training and certification, to deliver dynamic solutions for our customers. More than 7,500 customers worldwide rely on collaboration, cloud, data networking, security, and managed service solutions from New Era to accelerate time to market, speed innovation, increase productivity, and create better learning experiences.

Solutions

Collaboration & UC: Streamline and integrate a vast array of technologies, including audio visual, telephony, audio conferencing, web conferencing unified messaging, digital signage, and more.

Data Networking: Move away from traditional enterprise networks to intent-based networks with the power of machine learning and automation to establish a network to meet your business needs.

Security & Life Safety: Keep your staff, clients, and property safe with New Era's state-of-the-art security solutions. Taking a holistic approach, we review potential threats to determine the best solutions for your business.

Services

Cloud Services: Deliver communication and collaboration services to users faster than ever with our full suite of cloud-hosted services delivered from a highly secure, virtualized platform under a centralized management system.

Managed Services: Increase the overall efficiency of your IT department with stable and reliable systems. Gain access to experienced support technicians and engineers when you need them, for a fraction of what it would cost to expand your team.

Professional Services: Gain a team of dedicated consultants and integrators to help implement new technologies, business applications, and policies, using a proven framework to ensure customer satisfaction.

Microsoft Services: Discover how to grow your business with New Era's Microsoft Solutions. Designed to transform the way you work, these solutions provide flexibility, scalability, and security.
