

New Era Technology Joins Microsoft's Meeting Room Partner Program

The Microsoft Meeting Room Partner Program (MRPP) is an elite group of Fastrack Ready Microsoft Partners and is a strong testament to the capabilities and proven track record that we have in the deployment, configuration, and management of Microsoft Teams Rooms.

With the huge market shift to Microsoft Teams, our customers are looking to us to migrate, manage, and support their meeting room spaces with Microsoft capability.

New Era has already installed over 1,000 Microsoft Teams Rooms, and this number is growing exponentially.

Enhanced Managed Service for Microsoft Teams Rooms

Our Managed Services is the perfect solution to enhance and deliver the Microsoft Premium experience.

We ensure your Microsoft Teams Rooms operate at the optimum level, while monitoring and managing the health, support, and control of your devices and rooms and providing insight for business intelligence.

Discover our Video Collaboration Service for Microsoft Teams

We offer a complete end-to-end service for your entire Video Collaboration environment. Our portfolio of services covers:

- AV design and implementation
- Professional services
- Managed services
- Unbeatable support

By empowering organizations to support their users from any location and any device, we help drive productivity, increase reliability, and promote better business outcomes.
