Solutions

Healthcare Communications: Nurse and patient communications, staff, asset, and patient tracking technologies to improve care and workflow.

Patient Safety: Creating a safe patient environment can have a meaningful impact on care-delivery and your bottom-line. New Era's integrated solutions can help your organization reduce risk and empower caregivers to focus on their patients and create positive outcomes.

Audio Visual Integration: Collaboration and efficiency through boardroom, electronic whiteboards, digital signage, and privacy technologies.

Physical Security and Life Safety: New Era takes a holistic approach when reviewing potential threats at your healthcare facility. New Era brings together a diverse array of state-of-the-art security solutions to ensure the safety of your environment.
