

# The New Era BYOD Portal

## How it works

New Era →

← Your School

**Work together to create a list of the best devices.**

**For the best possible learning experiences for students right across NZ, we've determined these models are the most suitable and great value.**

HP ProBook 430 G7 13.3" Laptop  
9UQ45PA + UK703E

- Intel® Core™ i5 processor (up to 4.2Ghz Quad Core)
- 13.3" Full HD Display
- 8GB RAM
- 256GB SSD
- Windows 10 Home
- 1 Year Onsite Warranty

HP ZBook Firefly 14 G7 Mobile Workstation  
207W1PA + 207W6PA

- Powered by Intel® Core processors
- Available in 14" and 15.6" models
- Windows 10 Pro
- NVIDIA Quadro P520 with 4 GB
- In-plane Switching (IPS) Technology
- 23 Hour Battery Run Time
- IEEE 802.11ax Wireless LAN Standard

## Selecting these devices helps avoid the pain of...

- ✓ **Diversity of devices** - it can cause a headache for system administrators and delay solving the issue, decreasing the students' time to learn.
- ✓ **Different devices** - either high end or low end devices.
- ✓ **Accessory options** - too many choices.
- ✓ **Wide range of security risks** - unauthorised data access, malware infection and more. Students can lose devices or access websites that put them at risk.
- ✓ **Poor password management** - students may fail to use strong passwords or change them regularly with their own devices, making them vulnerable to security concerns.

**Hardware packages can be set up to ensure all the items are included.**

E.g. Mouse, bag, software.

0800 number for ordering →

← Strong IT support team

Flexi finance options →

**We'll also support you in creating clear BYOD policies and a framework to ensure the program runs smoothly.**

← Ongoing support

**Continued IT support from set up right through to trouble shooting. Appreciate the confidence of working with a trusted partner services schools right across NZ.**

## Speak to an Education Expert

The New Era Technology team can evaluate your current BYOD needs and help you select HP devices powered by Intel® that support your security goals. We also have a full range of support agreements proven in the education sector to help you remain secure.
